Jungle, Tradition, Architecture... & Beach

Marina Cottage's relaxing blend of natural jungle and traditional architecture is unique on Phuket Island... and it's also situated on a hill overlooking the classic tropical beauty of Karon Beach... often called the best location on this famed resort island.

A network of pathways bring our guests from the soft sand shores into our jungled valley and to the pool, two restaurants, bar and other facilities.

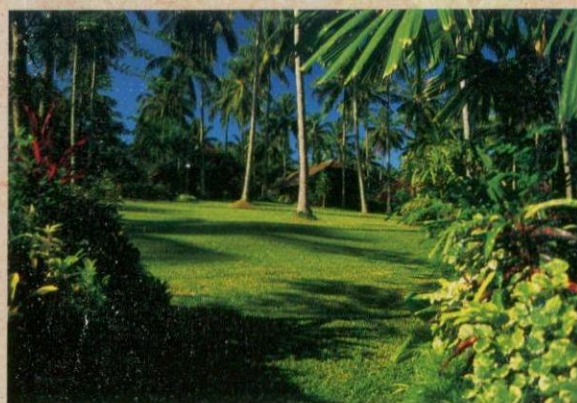

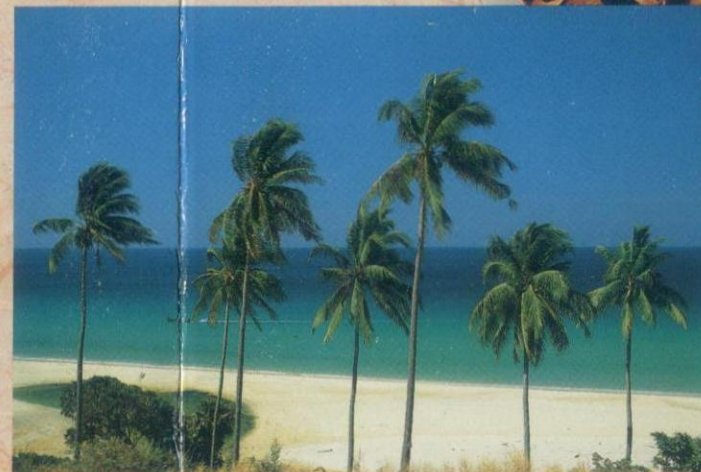

Our pool and Thai-style restaurant form the heart of **Marina Cottage**, enveloped by the surrounding hill and jungle that creates a completely private world for our guests. The **Sala Thai Restaurant** adds to the atmosphere of traditional Thailand with its authentic Thai cuisine and cultural shows.

Every room at **Marina Cottage** has a verandah commanding a spectacular ocean view or the silent canopy of leafy green.

The lush gardens and lawns of **Marina Cottage** offer guests the luxury of relaxing or playing while absorbing the serenity of nature in its richest tropical forms.

Karon's two kilometres of soft coral sand, washed by the clear turquoise waters of the Andaman Sea, are amongst the finest of Phuket's tropical beaches.

Marina Cottage maintains a tranquil balance between man and nature, thus creating an environment ideal for complete relaxation — with all modern comforts.
